WE DESIGN

BRANDS, PLACES & ELEMENTS FOR PEOPLE.

COMPANY **PROFILE**

About Us

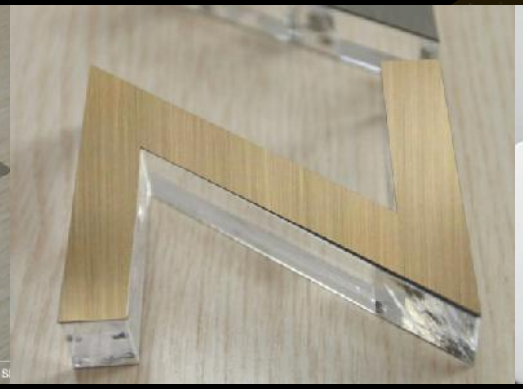

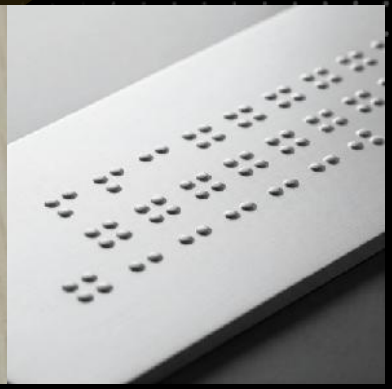

SIGNAGE AND DESIGN is design agency with fresh ideas and backed by experience & product development. The agency is centered around a core team of four who, combined 40 years experience with designing, production, installation and servicing the industry.

Design Philosophy

We provide our services with a mindful understanding of our clients needs and through a comprehensive and accurate depiction of drawings and designs. We are dedicated to working closely with our clients to ensure the original design intent remains evident throughout the design and construction processes. We strive to provide design services of the highest quality and produce and produce structures of lasting architectural values. Both in public and private sectors.

What do we value?

Our creative approach finely balanced mix of art and science with strategic focus to meet the clients goals.

Design Process

Process is as important as the result,
we meet challenges through a well established 4 step approach:

- **Analyze**
  Understand the core objectives and related issues
- **Strategics**
  Articulate a blue print to meet the core objectives and desired results
- **Conceptualize**
  Ideate and create a truly creative expression that is delivered across all strategic touch points
- **Realize**
  Meticulous planning, estimation and project management skills used to bring the idea to life.

Accessible India Campaign

Accessible India - Empowered India

Scan and Download the PDF

"Today special attention is being given to opportunity and accessibility for Divyangjan. It is our endeavour to ensure that every individual in the country is empowered, an inclusive society is created, spirit of equality and cooperation enhances harmony in the society and everybody progresses together as one."

-Prime Minister Narendra Modi

Accessible India Campaign

Accessible India - Empowered India

Scan and Download the PDF

"Implementation of the Accessible India Campaign would improve both physical and virtual infrastructure, to make it more 'Divyang-friendly', be it schools, hospitals, government offices, bus terminals, railway stations, banks, lifts, digital content on web and much more. Innovation, technology, systems and sensitivity will be required to make all infrastructure accessible."

-Hon'ble Prime Minister on launch of Accessible India Campaign,

December 2015

The resilience and fortitude of persons with disabiltiies inspires us. Under the Accessible India Initiative, numerous measures have been taken that ensure there is a positive change in the lives of our Divyang sisters and brothers.

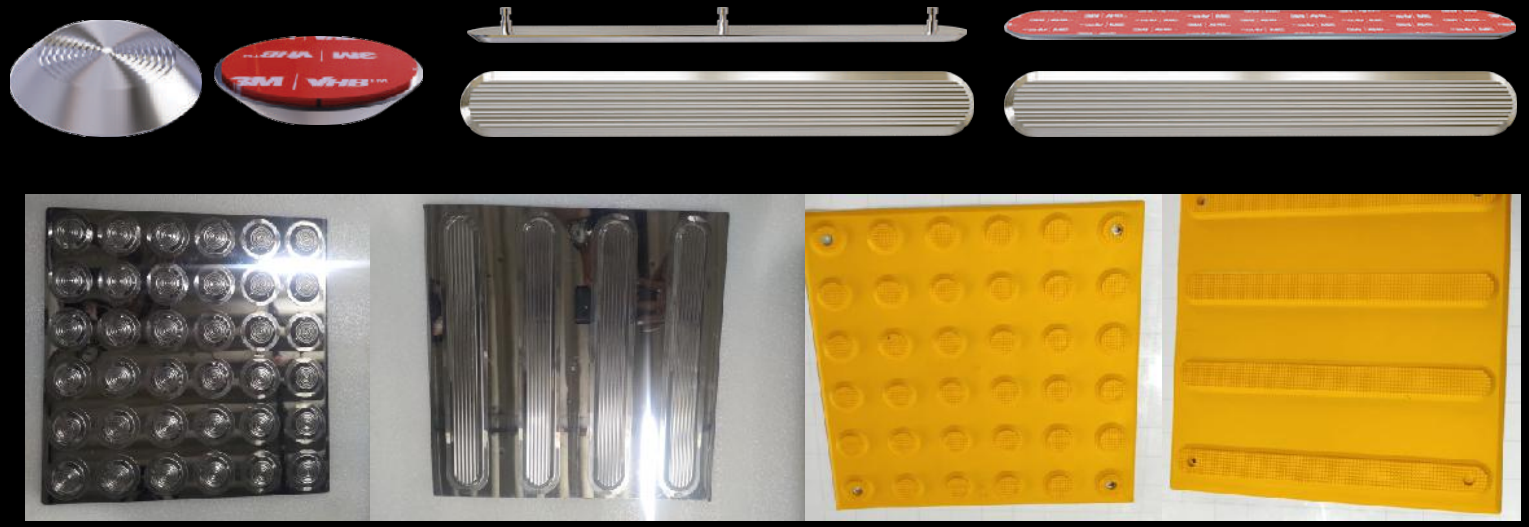

-Tweet by Prime Minister Narendra Modi,

3rd December 2020
